

## Barry Goater's botany book collection

Following Barry's death this year, the executors (his sons) very generously allowed me to take charge of his botany books to sell them, with the proceeds going to the Hampshire Flora Group and the BSBI nationally.

Below you will find a catalogue of remaining items. Money is split with  $\frac{2}{3}$  going to the Hampshire Wildlife Trust on behalf of the Flora Group and  $\frac{1}{3}$  to the BSBI.

If you wish to buy any item, please contact me (vc11recorder@hantsplants.net, or by phone (text or call): 07531 461442).

I will deal with purchases on a "first come, first served" basis. The remaining books that I have retained are mostly those with a higher second-hand value or of greater interest, and I am willing to arrange delivery for these, which depending on the bulk and weight will typically cost between £4 and £6. Otherwise, you can collect from me at a Flora Group meeting or from my home. Books of low value have now gone to Oxfam Books.

So far we have collected £873, which has been disbursed to the two charities. The books that remain unsold are listed below.
